HTML, CSS - 3 years

Javascript and Reactjs   - 3 years

Threejs and React Three Fibe   - 2 years

Nodejs and Mongodb   - 2 years

Git and Github   - 3 years

3d Visualization   - 2 years

Nextjs and Typescript - Having knowledge

Work Experience

Software Developer

07/2024 to 09/2024
Creospan
Pune

- Worked on user interfaces to make applications interactive and user-friendly.
- Improved existing apps by adding new features and fixing issues.
- Ensured the apps worked well across all devices and browsers.
- Performed unit testing to ensure code quality and reliability.

Software Developer

04/2022 to 04/2024
Crescendo worldwide
Pune

- As a Frontend React Developer and Three.js Developer at Crescendo Worldwide, I leveraged my expertise in Basic 3D Concepts.
- Three.js, mesh materials, lighting, texturing, and debugging to deliver projects. I successfully converted Three.js to React Three Fiber library for seamless integration into React applications.
- Developed functionality using advanced react concepts like ReactQuery, debouncing, and paginations. used redux-toolkit for state management.
- Designed user interface with tailwind CSS flowbite. Application Connected with backend for crud operations using Axios api call. for real- time communication for multiplayer use the socket.io library.
- My key skills in HTML, CSS, JavaScript, Three.js, R3F, ReactJS, Nodejs Git, and GitHub allowed me to develop entire metaverse web applications.
- Have experience with managing the Frontend team and collaborating with the 3d Development Team.
- Developed Node APIs for efficient CRUD operations, ensuring seamless data handling.
- Implemented secure JWT authentication for sign-in and sign-up functionality.
- Utilized MongoDB for robust data storage and retrieval.

Software Developer

12/2021 to 04/2022
VMEdulife Software
Pune

- As a React Developer at VM software, I played a key role in developing and maintaining front-end applications using React.js.
- leveraged my expertise in HTML, CSS, and JavaScript to create responsive and user-friendly interfaces.
- My responsibilities included collaborating with the design and backend teams to implement features, optimize performance, and ensure cross-browser compatibility

Software Developer

03/2021 to 10/2021
Skilledge
Pune

- Built responsive landing pages to attract users and boost engagement.
- Designed user-friendly interfaces for smooth and enjoyable experiences.
- Worked with the Django backend team to handle CRUD operations and improve app features.
- Updated and improved existing apps to meet new business needs and enhance performance.
